## One foiled, two nabbed by police

Antioch Police foiled a burglary and arrested two men in two separate incidents over the past week.

According to Police Chief Chuck Miller, an alarm was triggered at Sound Advice Ltd., 887 Main St., at approximately 7 p.m. Feb. 24.

Officers Bert Metz and Ron Allen responded to the alarm, but found that the burglar was apparently frightened away. Entry was not gained to the building.

On Feb. 21, Sgt. Charles Watkins and Officer Walter Mitchell responded to the Antioch Bowl located on Rte. 173, to what looked like suspicious persons in the parking lot.

Upon investigation, the officers discovered a theft from an auto in progress.

According to Miller, two men were arrested in the incident and charged with burglary to an auto.

Barry Allen, 35, of Spring Grove, and Randall F. Frank, 27, of Antioch, were taken into custody by police.

Allen was also charged with damage to property of \$150, and was found to be wanted by the McHenry Sheriff's Dept. on a driving charge.

Court date is pending.

## Ten beauties vie for contest title

The final judging to determine which of ten ladies will be crowned Miss Lakes Region is a little over one month away, and the girls are busy preparing for the pageant sponsored by the Antioch Chamber of Commerce and Industry.

The contest, which is a stepping stone to Miss Illinois and Miss America, will be held at the Antioch High School beginning at 7:30 p.m. on March 22. There will be swim suit,

evening gown and talent competitions.

**THE CONTESTANTS** met with their parents, committee members and Jack Collins, state pageant representative, on Feb. 23, to discuss informally what will be required of the girls throughout the competition. Collins elaborated on the rules of the pageant and explained how the local competition compared to national pageants. "The rules that you (the contestants) will be following will be the same as those at the national level," he said. "It is the contestant's responsibility to get ready for competition, and if you start tomorrow, then you haven't wasted any time," he added.

Collins stressed relaxation throughout the events and encouraged questions from everyone concerned.

The contestants were eager with questions, and all submitted brief outlines on their accomplishments, goals, and what type of talent they will use in the pageant.

Anita Vaughn, 21, of Waukegan, is a 1977 graduate of Waukegan East High School. She is employed as a terminal entry clerk at the Zion Nuclear Station.

**SHE PLANS TO** sing for the talent division of the pageant and hopes to use her talent throughout life to communicate to everyone.

Miss Vaughn has had training in voice and is a graduate of Barbizon School of Modeling. She won a high school award for the best female vocalist, and her hobbies include art, crafts, tennis and swimming.

Susan Thulin, 18, of Libertyville, is a 1979 graduate of Carmel High School and a freshman at Western Illinois University majored in psychology.

Miss Thulin has had training in dance and acrobatics, and is planning a ballet for her talent entry.

She has modeled at various times, and her hobbies include ballet, jazz, skiing, tennis and swimming. She also enjoys working with people.

**ANOTHER CONTESTANT**, Jennifer Newman, 17, of Ingleside, is a senior at Grant High School. Miss Newman is an artist

and has taken seven years of piano lessons. She was crowned both Grant Homecoming and Snow Queen.

Miss Newman enjoys swimming, horseback riding, dancing, skating and skiing. She plans to dance for the talent competition.

Tammy Carrubba, 18, of Antioch, is 1979 graduate of Antioch High School and is currently majored in psychology and nutrition at Trinity College. She hopes to use her education to help people understand the coexistence of good mental health and good nutrition.

Miss Carrubba has had special training in guitar, painting and drawing, various dance styles and singing. She will sing for the talent division of the contest.

Her hobbies include painting, collecting

music boxes, and she is an avid football fan.

Still another contestant, Andrea Kleban, 19, of Gurnee, is a 1979 graduate of Antioch High School and attends Milliken University. She has had special training in voice, music and theatre. She hopes to get a degree in

## Jaycees organize local blood drive

The Antioch Jaycees are initiating the Dr. John J. Lorang Memorial Blood Drive, to allow Antioch Township to achieve full blood coverage.

The intent of this drive, is to provide an adequate supply of blood for all Antioch Township residents. All non-resident donors and their families are also covered for a period of one year.

Blood must be available when and if needed. A reliable blood supply is assured only by the continuing donations of members of the community. Every day blood is needed to meet the ever increasing transfusion needs of patients in this area.

To help the community meet these needs, the Dr. John J. Lorang Memorial Blood Drive has been scheduled between 9 a.m. and 3 p.m., Saturday, March 29, at the Evangelical Free Church in Antioch.

## Americanism auxiliary's goal

Americanism was one of the topics at the American Legion Auxiliary meeting this month. According to Rose Kennedy, auxiliary member, Virginia Kates, state chairman, has set four points as the principal parts of the Americanism program. The points are, teaching the principles of Americanism, virtues of patriotism and responsibilities of maintaining freedom in our schools, clubs, societies, and other groups; assuring that our flag is properly displayed and respected at all times; encouraging citizenship

work, providing instruction and aid where needed; leading the way in observance of all national holidays and encourage the general public to patriotic responses. Mrs. Helen DeVries from the Antioch unit will be stressing the Americanism program during the month of February as detailed by the state chairman and her committee.

Also, Mrs. DeVries announced that students from Antioch Upper Grade, St. Peters and Faith Evangelical Lutheran will be participating in the

Americanism essay contest entitled, "Why I would rather live in the United States than in any other country."

The purpose of this contest is to aid schools in teaching love for this country and good citizenship.

The contest is open to students from seventh through twelfth grades in three categories.

Awards will be presented at the local level, and the winners will advance to the district and then state levels.

## Emmons ok's SEDOL

The Emmons Grade School Board renewed contracts with the Special Education District of Lake County for the coming year at its monthly regular February meeting. SEDOL provides the social services of one teacher for one half day per week at the grade school.

In other action, the board approved the 1980-81 school calendar which is in accordance with the county calendar.

Also, the board decided to apply for new English books, and have selected the McMillan program.

One school board member resigned, and Sue Schneider will be running for the two-year vacancy left by Mrs. Sheila McKinney, according to Supt. John Kakacek.

## Input sought by LM-LEPC

The Lake-McHenry Law Enforcement Planning Commission (LM-LEPC) is interested in receiving suggestions from private and/or not-for-profit juvenile justice agencies for program areas for their criminal justice planning.

Program areas for 1980 have already been developed, however due to new federal legislation, the LM-LEPC is required to submit a comprehensive plan for the three years following 1980. At this time the LM-LEPC is requesting that any agency concerned with juvenile justice and/or services to juvenile offenders submit their suggestions for program areas for any need(s) they anticipate in the next three years.

## School eliminates service

The Grass Lake School Board decided at its regular board meeting that the students will no longer have social services provided by the Special Education District of Lake County (SEDOL), according to Supt. Richard Hogan.

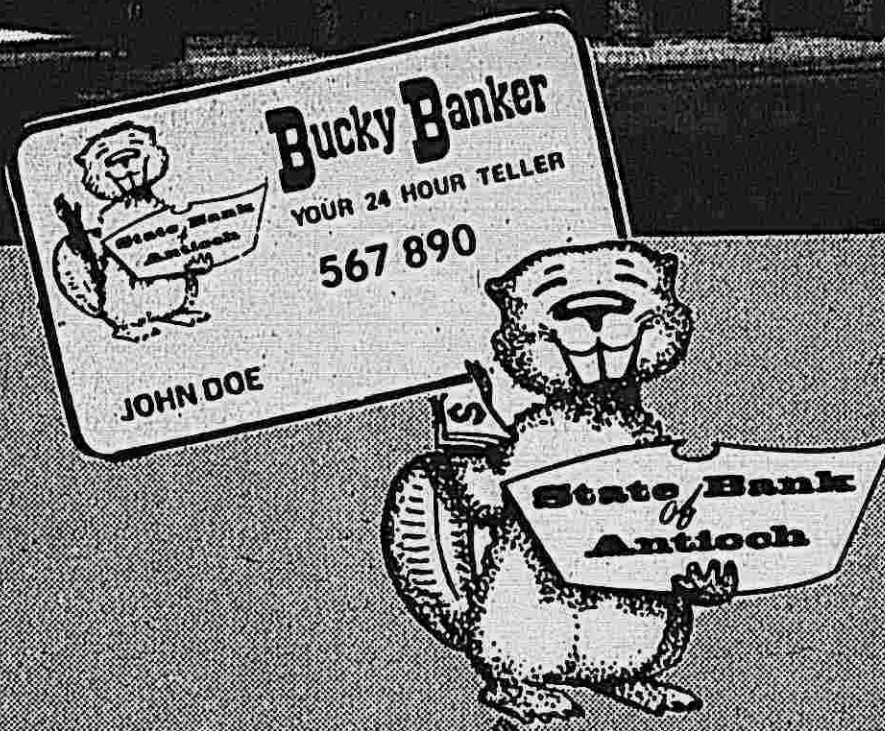

A contract with SEDOL will be dropped due to lack of response of students using the service. The contract allowed for the bi-weekly visit to the school by a social worker, and over the past years the number of students needing the service has dropped.

Hogan said that the discipline at the school has reached a level that makes the social worker no longer necessary.

## Along the way with ANNIE MAE

Well, it seems as though I really did it this time. While everyone's favorite police chief and two others from the Antioch Police force were downstate learning how to deal with crime, I accused Chuck of betting on babies. I guess it was not he that won the bet on Jerry and Carol Macks new baby, but Chuck from the market. So any way, congratulations to the right Chuck, and may no one break a bottle of Wesson Oil in your store, and may the Valentine's baby forget this even happened.

Was just so excited that the VIP was chosen through the annual St. Peter's sponsored event. Lee Ipsen was chosen to be VIP on the basis of his unselfish dedication to the youth of the Antioch community. Lee will be honored at the 12th annual VIP dinner-dance beginning at 6:30 p.m. on Saturday, March 22 at the St. Peter's Social Center. Tickets are available at the State Bank of Antioch, First National Bank of Antioch, Antioch Savings and Loan and St. Peter's Rectory. Questions should be forwarded by phoning 395-0274.

St. Peter's brings to mind the celebration held last Sunday in honor of Father Francis Johnson who has served over a quarter of a century in the Antioch church. The congregation held a surprise tea for him after the morning worship service, and surprise it was! Hats off to you, Father. Many more happy years of ministry to the church.

Think I better wish many more happy years of ministry to another local pastor who has been appointed Chaplain for Second City and shall go unnamed for right now. Guess a local service organization took a trip to Second City TV in Chicago, and one member came back with some great ideas for Sunday services. Since the group was taking part in a "mystery night", there was really no backing out for this fella. Couldn't you call using the new material innovative preaching?

Antioch's newly selected VIP, Lee Ipsen, had a little

trouble staying awake at the Second City visit the club went on. Sounds like everybody had fun, but with such excitement, I can't imagine why you'd fall asleep, Lee. That "not ready for prime time performance" should have been worth watching!

The Antioch Chamber of Commerce and Industry's Industrial Committee, has an interesting possibility for the next general membership meeting of the Chamber. Committee head Bob Taubitz will be looking into getting a program together to promote industry in Antioch. Also heard that Mayor Mike along with the committee are looking into the possibilities for grant funds to help promote industry. With the way Antioch is growing, seems as though industrialists should be just jumping at the chance to locate in this community. Of course, with all the growth there will come the need for more t-shirt shops...

Everyone's favorite assessor, Bud Holtz was in attendance at Bob Fagen's wild game dinner fund-raiser held at the Brae Loch Country Club to check out all the hopefuls. Lots of jawboning going on, and just happened to overhear a favorite old saying of mine. Old Bud just couldn't help saying that, "when you go fishing, you go where the fish are." Could that be in response to vote getting? To round off the dinner of rabbits and squirrels, there was Moosehead Beer on tap—something I haven't heard of since my bear-hunting days in Montana. Guess Bud enjoyed the beer as he commented that he'd never had it before.

Well-wishes go out to Jennifer Kish, four month old daughter of Ken and Sharon who was hospitalized on Feb. 8. Little sweetheart had a staph infection that kept her in the hospital until the 22nd. Hope she stays well.

Birthday wishes go out David Ipsen, grandson of Walter and Jean Rybicki of Antioch. His day is Feb. 28.

Hope Shirley at the Hall has a mended back, and I hope the parks and rec department is back full-staffed with no complaints and clean bills of health.

I'll leave you all to get back to your coffee, with two thoughts: Did you know the average life of a paper clip is only three days? The wiry little fella lasts that long after leaving the box, and is either twisted into a pretzel, or lost within that time. And God knows they don't multiply—there never seems to be enough of them.

My last thought is, 'When the going gets weird, the weird turn pro'. If anyone can tell me what person made that saying famous, I'll turn a cartwheel. Believe me, I haven't been turning many of those lately.

## Accidents from snow

The Lake County Sheriff's Dept. was busy Feb. 25 as they were called to 73 accidents throughout the county. Snowy weather conditions and icy roads were the cause of the many mishaps according to sheriff officials.

A two car accident involving two Antioch residents was reported on Grass Lake Rd. near Savage Rd.

A car driven by Theresa Fugelseth of 2129 Terrace Rd. apparently slid across the center line striking a car driven by Robert G. Langosch of West Park Tr. According to authorities, the Fugelseth auto struck a snowdrift on the shoulder of the road, whereupon she lost

control of the vehicle and stuck the Langosch car.

Langosch was taken to Victory Memorial Hospital by the Antioch Rescue Squad where he was treated and released.

Fugelseth was uninjured and cited for driving too fast for conditions.

### HEARINGS

At 1:30 p.m. two hearing dates have been set by the zoning board of appeals of Lake County: March 12 at the Antioch Township Hall on the petition of Richard Curtis and the First National Bank of Waukegan; and March 26 on the petition of Melvin and Evelyn Harms and Robert and Lynette Banasack.

## Youngster dies in accident

James T. Dickens, 14, of Smith St. in Antioch died by electrocution while he and a friend attempted to install a Citizen's Band radio antenna on the roof of his home on Feb. 23.

Eric Enzenbacher, 15 of Lake Marie, sustained electric burns and shock in the incident when a gust of wind tipped the antenna the boys were erecting. The antenna hit a nearby power transformer cable, and high voltage electricity flowed through the antenna to the Dickens boy, according to Dorothy Furman, Enzenbacher's mother.

Enzenbacher was thrown free from the majority of the electric flow when he tripped as the antenna tipped, she added.

The Enzenbacher boy knocked the power cable away from Dickens by using a piece of non-conducting wood, and then tried to revive his friend by pounding on his heart. He then called the Antioch Rescue Squad

who temporarily revived the boy en route to Victory Memorial Hospital where he was pronounced dead on arrival, according to Lake County Coroner Robert (Mickey) Babcox.

Enzenbacher was put on a heart monitor at the hospital for 48 hours.

James Timothy Dickens was born May 17, 1965 in Chicago, and had lived in Antioch all his life. He was a freshman at Antioch Community High School.

He is survived by his parents, Luther J. and Velva Lowe Dickens; four sisters, Kimberly, Brenda Lee, Susan and Cindy Lee; one brother, James Leonard Dickens.

Funeral services will be Wednesday, Feb. 27, at the Barr Funeral Home, Lake St. in Antioch, with the Rev. Hildred Bech of the Apostolic Jesus Name Assembly Church officiating. Interment will be at the Hillside Cemetery in Antioch.

## Singing calls for squares

The Paddock Lake Squares will hold an all singing calls dance featuring Paul Baumann on Feb. 28. Dancing will be from 8-10:30 p.m. with refreshments afterwards. All dances are held at the Paddock-Hooker Lake Assn. Clubhouse, 7024 250th Ave., Paddock Lake.

## Along the way with ANNIE MAE

Well, it seems as though I really did it this time. While everyone's favorite police chief and two others from the Antioch Police force were downstate learning how to deal with crime, I accused Chuck of betting on babies. I guess it was not he that won the bet on Jerry and Carol Macks new baby, but Chuck from the market. So any way, congratulations to the right Chuck, and may no one break a bottle of Wesson Oil in your store, and may the Valentine's baby forget this even happened.

Was just so excited that the VIP was chosen through the annual St. Peter's sponsored event. Lee Ipsen was chosen to be VIP on the basis of his unselfish dedication to the youth of the Antioch community. Lee will be honored at the 12th annual VIP dinner-dance beginning at 6:30 p.m. on Saturday, March 22 at the St. Peter's Social Center. Tickets are available at the State Bank of Antioch, First National Bank of Antioch, Antioch Savings and Loan and St. Peter's Rectory. Questions should be forwarded by phoning 395-0274.

St. Peter's brings to mind the celebration held last Sunday in honor of Father Francis Johnson who has served over a quarter of a century in the Antioch church. The congregation held a surprise tea for him after the morning worship service, and surprise it was! Hats off to you, Father. Many more happy years of ministry to the church.

Think I better wish many more happy years of ministry to another local pastor who has been appointed Chaplain for Second City and shall go unnamed for right now. Guess a local service organization took a trip to Second City TV in Chicago, and one member came back with some great ideas for Sunday services. Since the group was taking part in a "mystery night", there was really no backing out for this fella. Couldn't you call using the new material innovative preaching?

Antioch's newly selected VIP, Lee Ipsen, had a little

trouble staying awake at the Second City visit the club went on. Sounds like everybody had fun, but with such excitement, I can't imagine why you'd fall asleep, Lee. That "not ready for prime time performance" should have been worth watching!

The Antioch Chamber of Commerce and Industry's Industrial Committee, has an interesting possibility for the next general membership meeting of the Chamber. Committee head Bob Taubitz will be looking into getting a program together to promote industry in Antioch. Also heard that Mayor Mike along with the committee are looking into the possibilities for grant funds to help promote industry. With the way Antioch is growing, seems as though industrialists should be just jumping at the chance to locate in this community. Of course, with all the growth there will come the need for more t-shirt shops...

Everyone's favorite assessor, Bud Holtz was in attendance at Bob Fagen's wild game dinner fund-raiser held at the Brae Loch Country Club to check out all the hopefuls. Lots of jawboning going on, and just happened to overhear a favorite old saying of mine. Old Bud just couldn't help saying that, "when you go fishing, you go where the fish are." Could that be in response to vote getting? To round off the dinner of rabbits and squirrels, there was Moosehead Beer on tap—something I haven't heard of since my bear-hunting days in Montana. Guess Bud enjoyed the beer as he commented that he'd never had it before.

Well-wishes go out to Jennifer Kish, four month old daughter of Ken and Sharon who was hospitalized on Feb. 8. Little sweetheart had a staph infection that kept her in the hospital until the 22nd. Hope she stays well.

Birthday wishes go out David Ipsen, grandson of Walter and Jean Rybicki of Antioch. His day is Feb. 28.

Hope Shirley at the Hall has a mended back, and I hope the parks and rec department is back full-staffed with no complaints and clean bills of health.

I'll leave you all to get back to your coffee, with two thoughts: Did you know the average life of a paper clip is only three days? The wiry little fella lasts that long after leaving the box, and is either twisted into a pretzel, or lost within that time. And God knows they don't multiply—there never seems to be enough of them.

My last thought is, 'When the going gets weird, the weird turn pro'. If anyone can tell me what person made that saying famous, I'll turn a cartwheel. Believe me, I haven't been turning many of those lately.

## Accidents from snow

The Lake County Sheriff's Dept. was busy Feb. 25 as they were called to 73 accidents throughout the county. Snowy weather conditions and icy roads were the cause of the many mishaps according to sheriff officials.

A two car accident involving two Antioch residents was reported on Grass Lake Rd. near Savage Rd.

A car driven by Theresa Fugelseth of 2129 Terrace Rd. apparently slid across the center line striking a car driven by Robert G. Langosch of West Park Tr. According to authorities, the Fugelseth auto struck a snowdrift on the shoulder of the road, whereupon she lost

control of the vehicle and stuck the Langosch car.

Langosch was taken to Victory Memorial Hospital by the Antioch Rescue Squad where he was treated and released.

Fugelseth was uninjured and cited for driving too fast for conditions.

### HEARINGS

At 1:30 p.m. two hearing dates have been set by the zoning board of appeals of Lake County: March 12 at the Antioch Township Hall on the petition of Richard Curtis and the First National Bank of Waukegan; and March 26 on the petition of Melvin and Evelyn Harms and Robert and Lynette Banasack.

## Youngster dies in accident

James T. Dickens, 14, of Smith St. in Antioch died by electricution while he and a friend attempted to install a Citizen's Band radio antenna on the roof of his home on Feb. 23.

Eric Enzenbacher, 15 of Lake Marie, sustained electric burns and shock in the incident when a gust of wind tipped the antenna the boys were erecting. The antenna hit a nearby power transformer cable, and high voltage electricity flowed through the antenna to the Dickens boy, according to Dorothy Furman, Enzenbacher's mother.

Enzenbacher was thrown free from the majority of the electric flow when he tripped as the antenna tipped, she added.

The Enzenbacher boy knocked the power cable away from Dickens by using a piece of non-conducting wood, and then tried to revive his friend by pounding on his heart. He then called the Antioch Rescue Squad

who temporarily revived the boy en route to Victory Memorial Hospital where he was pronounced dead on arrival, according to Lake County Coroner Robert (Mickey) Babcock.

Enzenbacher was put on a heart monitor at the hospital for 48 hours.

James Timothy Dickens was born May 17, 1965 in Chicago, and had lived in Antioch all his life. He was a freshman at Antioch Community High School.

He is survived by his parents, Luther J. and Velva Lowe Dickens; four sisters, Kimberly, Brenda Lee, Susan and Cindy Lee; one brother, James Leonard Dickens.

Funeral services will be Wednesday, Feb. 27, at the Barr Funeral Home, Lake St. in Antioch, with the Rev. Hildred Beeh of the Apostolic Jesus Name Assembly Church officiating. Interment will be at the Hillside Cemetery in Antioch.

## Singing calls for squares

The Paddock Lake Squares will hold an all singing calls dance featuring Paul Baumann on Feb. 28. Dancing will be from 8-10:30 p.m. with refreshments afterwards. All dances are held at the Paddock-Hooker Lake Assn. Clubhouse, 7024 250th Ave., Paddock Lake.

### ELECTED

## 50 YEARS AGO: FEBRUARY 20, 1930

Village Marshal Simonsen reports that he has a number of radiator caps that were found on the streets, some of them in the vicinity of the Crystal Theatre. These were probably taken from cars by pranksters or cranks who thought it was Halloween. This is not the first time things like this have happened in Antioch, and authorities state that it will go extremely hard with anyone caught molesting cars.

The Antioch Oil Company recently installed a new Wayne gasoline pump at their filling station. It is of the latest type and is an improvement in every sense of the word. The pump electrically operates at the speed of 20 gallons per minute, being able to pump 100 gallons without a stop.

When the ladder on which he was standing slipped on the ice, Bob Wilton fell to the ground and broke his leg just above the ankle. He was rushed to Victory Memorial Hospital, where he is resting, comfortably, according to latest reports.

Showered with cards, letters, congratulatory telephone messages, plants, bouquets, and cakes, Mrs. Sarah Emmons, who has the distinction of being Antioch's oldest resident, celebrated her ninety-second birthday anniversary at her home on Lake St. Monday. A large and handsomely decorated birthday cake, which bore 92 candles, was given her by the Lux and A.B. Johnson families. Mrs. Emmons has recovered sufficiently from her recent fall to be able to sit in her wheelchair.

Coach G.G. Reed took Howard Mastne and Dorr Cremin to Evanston Tuesday night to see a physician at Northwestern University relative to the injuries they received while playing basketball. They were accompanied by Fuchs and Turk. While there, the five of them saw the Minnesota-Northwestern game.

A deal for the merger of Antioch's two lumber companies was completed Monday when Herb J. Vos, acting for the Antioch Lumber & Coal Co. of which he is president, purchased the business and stock of the H.R. Adams Lumber Co. from Nason E. Sibley, who acquired the holding of his three partners, a week previous.

## 30 YEARS AGO: FEBRUARY 23, 1950

President Truman stepped into the scene yesterday in asking the telephone operators to delay for 60 days a telephone strike set for tomorrow. Mrs. Elaine Palm, steward of the union in which the Antioch telephone operators are members said that 22 of the 25 members cast their ballots Tuesday. Voting was secret and the ballots were sent to Chicago for counting.

Miss Mildred Prochek, home economics teacher in the University High School at Minneapolis, visited the Antioch Township High School inspecting its home economics department. She was told that the Antioch school has one of the latest types of combination cooking and sewing rooms and she came here to see it.

Martha Tweed Hucker died in her home, following a lingering illness. She was born in Grant Township, 1862, the daughter of John and Barbara Tweed, pioneer residents of Lake County.

T. B. skin tests are to be given in all the public and parochial schools of Antioch next week.

The Antioch Rescue Squad is expecting to get a new two-way radio for its new truck. The old truck had one, but when the wave length was changed it fell into disuse.

## 10 YEARS AGO: FEBRUARY 26, 1970

On Saturday, Feb. 21 the Antioch Township Library, under the direction of its head librarian, Betty Lu Williams moved from the re-made old home into a beautiful new building.

The Antioch Woman's Club fixed packages for Antioch area servicemen in Vietnam on Monday, Feb. 23 at the Scout House. The ladies who participated included Mesdames Ray Toft, William Brook, Norman Jede, Joseph Horton and Effie Nelson.

Mitchell Schwanbeck, son of Mr. and Mrs. Clayton Schwanbeck of Lake Villa, has been named a winner of the annual Current Affairs Contest conducted by Time, the weekly news magazine. The winner, a student at Antioch High School, was selected from more than 2,500,000 students across the U.S. and Canada who participated in the event, now in its 34th year.

## YCC gives youth conservation work chance

The Lake County Forest Preserve District has been awarded a Youth Conservation Corps (YCC) grant from the Illinois Department of Conservation. According to Don Strenger, president of the forest preserve district, the federal grant will include \$32,320, administered by the Department of Conservation, and \$8,000 local funding.

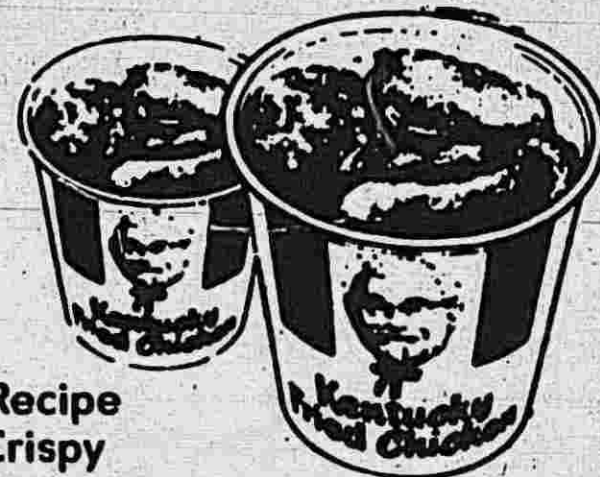

All Lake County youths, ages 15 - 18, are eligible to apply. A requirement of the federal grant is that corps members be selected at random by computer. Applications for the June program are due in Springfield by March 15.

While providing summer employment for county youths, the program will benefit both the county and participants by teaching recreational preserve development, landscape architecture, wildlife habitat

management, and basic conservation principles necessary for protection of our environment. Learning will come through work activities such as trail and physical fitness trail construction, river clean-up and general maintenance tasks as well as through the environmental education classes.

For applications or more information about the YCC program, call the district office, 367-6640. Applications can also be obtained from local school superintendents.

YCC program open house will be held at the Forest Preserve District Headquarters, 2000 N. Milwaukee Ave., Libertyville, from 10 a.m. to 2 p.m. on Saturday, Feb. 23, where assistance will be given in the completion of application forms. ## Sequoits loose to refs

In a contest with both teams shooting high percentages from the free throw line, Antioch High School's varsity basketball team came out on the losing end of a 79-62 final score against the Stevenson Patriots.

The Feb. 22 contest held at Antioch High School was disappointing to the Sequoits who had turned their devastating loss play from last weekend around to lead right up to the first half mark of the game.

Inconsistent officiating played an important part of the game as Antioch shot two more buckets from the field than the Patriots, but Antioch was called for 26 fouls.

Stevenson played just as aggressively as Antioch, but no amount of complaining for missed calls could turn the officiating around. "Both teams shot amazing percentages from the free throw line, it just happened that Antioch was not there enough," head coach Roger Andrews said.

"BOTH TEAMS PLAYED decent basketball until the

third quarter," Andrews said. "I was especially glad to see the boys regroup after last week's loss."

Pete Weber scored 10 points until the third quarter when he severely sprained his ankle. "He really hurt his ankle and we don't know if he'll be playing any more this season," Andrews stated.

Ron Nauman reached his season high in rebounding by grabbing 19 from the boards. He also scored 16 points as did Kurt Selak. Mike Pramshafer had 10 points. "Selak, Pramshafer and Nauman all had great games," stated Andrews. "Mike Roeser (scored 32 points) did an excellent job for Stevenson, and their inside game was good. We had a few too many turnovers during the game, though," Andrews added.

From the field, Antioch was 28 of 54 for 52 percent, while the Patriots shot 46 percent. From the foul line, Antioch shot six of 10 for 60 percent, while Stevenson shot 31 of 39 for 80 percent.

Ten of game high scoring Roeser's points came from the line.

The Sequoits will meet at Warren on Feb. 29 for the last season game. The Blue Devils have a 4-9 Northwest Suburban Conference record, while the Sequoits spot a 5-8 record.

Regional tournament play will begin at Antioch High School on Wednesday, March 5. The first game will find Round Lake facing Grant at 6:30 p.m. while Antioch will meet Grayslake at 8 p.m.

The winners of those two contests will meet at Antioch at 7:30 p.m. on Friday, March 7.

## Frosh down Stevenson

Antioch's freshmen basketball team continued its winning ways with a 48-41 victory over visiting Stevenson Feb. 23. The frosh Sequoits are now 13-0 in the conference and 17-3 overall with one remaining game at Warren.

The Patriots trailed 29-19 at halftime thanks mostly to a super first half by Tom Anderson of Antioch. Anderson scored 15 of his game high 20 points in the first two periods. Stevenson used a full court press in the third period to narrow the margin

to 36-34 going into the final period.

After regaining their poise, the Sequoits used a delay game offense to con-

trol the tempo of play. Stevenson was forced to foul and Brad Hebrst hit four for four at the line in the last minute of play. Hebrst ended up with 11 points and Chris Becker added 10. Antioch dominated the boards with Becker grabbing 15 rebounds and Anderson 10.

The Warren Blue Devils are all that remain between the Sequoits and an undefeated season. The game at Gurnee will begin at 9 a.m. March 1.

## Unrein, Gibson win wrestling title; advance to state

Two Antioch High School students were crowned champions at the Illinois High School Sectional Wrestling Championships Feb. 25 at North Chicago High School. Dave Unrein, 112 pounds and Jon Gibson, 119 pounds won titles and advance to the state championship at the University of Illinois Feb. 29 and March 1.

Dave Unrein won his title on three decisions. He defeated Brian Casey of Loyola 5-0, Mark Pritikin, Buffalo Grove, 8-3, and Mario Urbina of Waukegan East 8-1 in the championship. Unrein's record is now 36-4 on the season. Jim Gibson won his third sectional title with a fall over North Chicago's Ted Parker in 1:42, a 19-2 win over Henry Meza of Palatine, and an 11-0 decision on the finals over Evanston's undefeated George Patterson. Jon takes a 38-1-2 record to the state finals.

Antioch had three entries who did not place. Dave Maninna, 105 pounds lost two decisions. George Bessette, 145 pounds, lost a close match, and Tad DeRousse, 98 pounds, lost an overtime decision in the semi-finals after winning his first match. All three of Antioch's no place winners are freshmen and return for three more years of Sequoit

wrestling.

Friday at 1 p.m. Dave Unrein will meet the winner of the Preliminary match between Harris of Springfield Southeast and Roots of Pekin. Jon Gibbons will meet the winner of a match between Mey of Hershey and Farnsworth of Batavia. Gibson has defeated Mey previously this year 14-2. Both Gibson and Unrein do not wrestle in the Preliminary round because Sectional champions receive a bye in that round.

Antioch finished fifth of 29 teams represented in the Sectional and hope for a high finish in the state tournament based on a fine performance by its top two seniors.

## Names in the NEWS

## New management at Four Squires

Jack and Sandi Siegmeier will be heading the new management at Four Squires in Antioch.

Siegmeier is the new owner of the store, and his wife will be managing the shop which Siegmeier opened in 1972.

According to Siegmeier, Bill Stanley will manage the men's department, while Polly Hay and Debbie Efinger will manage the women's and boy's departments respectively.

Siegmeier stated that although the store is now home owned, he will continue to be affiliated with the Four Squires group in order to take advantage of the firm's buying power. Fran Colette Ano, formerly with Four Squires of Antioch, is now employed at the Four

Squires group center in Bartlett as a junior buyer.

Siegmeier is a native of Elgin, and earned an associate degree in retail management from Elgin Community College. He joined the apparel company in 1964, and has opened three stores for Four Squires.

The Siegmeiers live in Fox Lake. Mrs. Siegmeier is the former Sandi Stewart of Antioch.

Siegmeier is active in the Antioch community as a member of the Rotary Club, Lions Club and St. Stephen's Lutheran Church of Antioch. He was president of the Antioch Chamber of Commerce and Industry in 1976.

The men's, women's and boy's apparel center is located on Lake St.

## Time for '80 grads to make choices

With the high school class of 1980 almost alumni, students are busy making choices as to what college, if any, they will attend, what job they would like to keep or what part of the country most suits their fancy.

When a student is in high school sports and wants to continue those activities while going to college, there is the added pressure of finding the school that fits needs both scholastically and academically.

A number of Antioch High School football players are making this decision, with two making a concrete choice.

Dan Behne has received an appointment to the Air Force Academy where he will use his talents as a kicker for that team. Behne posted a school record for punting 50 times in his career.

According to varsity football coach, Steve Wapon, Behne will possibly be developing defensive skills at the academy.

Kurt Kapischke will be attending Lake Forest College studying political theory. He will be trying for the team's tackle position as he played both offensive and defensive tackle for the Sequoits.

Four other members of the varsity squad looking to

keep hot on the gridiron are Greg Stevens, Denis Flaschner, Tim Plett and Jim Mancuso.

Stevens is looking into Lawrence University in Appleton, Wis., and hopes to major in chemistry and become a chemical engineer. He played running back positions at Antioch High, and hopes to continue playing in college.

Flaschner wants to enroll in general education courses at either the University of Wisconsin at Stout, Illinois Wesleyan or Southwest Minnesota. Flaschner quarterbacked the Sequoit team this year.

Plett, both a defensive and offensive end at Antioch High, and Mancuso, a linebacker with the Sequoits, are both interested in attending the University of Debuque in Iowa, and are close to opting for that school. Both men want to continue their education in business, and also play football at the school.

Decisions are numerous for upcoming graduates. Look for these former Sequoits doing well at their respective colleges—and not only in academics.

## Names in the NEWS

To obtain honors, students have to post at least a 3.25 grade average. Michael A. Ament, Lynette Hamlin, Tim Haviland and Paula Warner all of Antioch have made this list.

### Checking Dentures

Fortunately - or unfortunately - you no longer have any problems with your upper teeth. They were all removed some years ago and you now wear a full upper denture. Does this mean you can forget about visiting your dentist regularly? Not if you value your health and future comfort.

Regular appointments with the dentist are as important for denture-wearers as for people with natural teeth. The mouth tissue, bony ridges and gums that support dentures are constantly undergoing changes and may impair the dentures' proper function. Even such general health ailments as vitamin deficiencies, extended illness, drug therapy, weight loss, diabetes or high blood

pressure can change the way dentures fit.

Ill-fitting dentures can seriously damage the mouth, causing abrasions, bruises, inflammation and rapid destruction of the supporting bone. Prolonged irritation of this kind may result in the development of tumors.

It is important to have a dental checkup at least once a year to insure that your dentures are properly adjusted and that your mouth is in good health.

A public service with the aim of promoting a better dental health environment. From the office of: **ROBERT J. PAULETTI, D.D.S., Route 1, Antioch. Phone: (312) 395-1363.**
